How to use your Days Inn® Online Directory

You'll find more than 1800 Days Inn hotels worldwide listed here. First, find the geographic location where you want lodging. Each Days Inn hotel has its own listing. In cities with more than one location, hotels are listed in North to South order. Cities are listed alphabetically within each state. Within Canada, listings are in alpha order by Province, then by city or town. Once you've found the geographic location you want, take into account these other selection criteria:

Choose your style of accommodation

Check the Sunburst Quality Rating

The more Sunbursts assigned to a hotel, the higher the overall quality you can expect, based on the most recent unannounced Quality Assurance inspection at that property.

A rating of three or more Sunbursts means that hotel exceeds Days Inn's minimum quality standards.

A TBR notation means that the hotel recently joined the Days Inn brand and has not yet been inspected and rated.

Look for Chairman's Award locations

The prestigious Chairman's Award is given only to Days Inn hotels that achieve the highest Quality Assurance evaluation scores. These locations are identified with five Sunbursts and a Blue Ribbon Award symbol.
